# Smooth Operator Desk.

The Smooth Operator is our high-level desk for those cool cats and smooth criminals out there! Success comes easy at this desk as you perform your tasks with great skill and grace, through your cool collective charming and persuasive manner!

Just don't forget to wipe that speck of dust off the desk before you leave!

# Smooth Operator Desktop.

The Smooth Operator desktop is made from Perfectsense Lacquered Chipboard Matt. The low gloss gives the desk a beautiful smooth, natural velvety finish which is like stroking a babies bum! The anti-fingerprint properties are a plus, but obviously not necessary for the clean Smooth Operator!

Enough of that stroking you...!

**Work Smarter.**

**Be Healthier.**

**Live Happier.**
